## WINES POURED BY CORAVIN

Coravin uses proprietary patented technology to access and pour wine from a bottle without pulling the cork. Coravin was founded by Greg Lambrecht, a medical device inventor and executive with a passion for wine and innovative technology. He was inspired to bring the two worlds together to create a product that allowed him to enjoy glasses of wine without committing to the whole bottle. Wine enthusiasts can now enjoy wine sealed with corks, allowing them to explore wines of any vintage, varietal or region, one taste at a time.
